## BISONS PLAYING .600 BASKETBALL

With a 3 and 2 record, the Bisons are having their first winning season in many years. Under the revised tutelage and newest spearheading of coach Harvey Goodstein, the team is playing with real enthusiasm and confidence.

Three Bisons are averaging over 15 points a game and four are over .700 in free throw percentage. Mike Stewart ranks nationally with .944 in free throws. The team has scored 170 field goals, to 154 by their opponents; and team average from the free throw line is .664, and an average over 62 in rebounds per game.

Play resumes January 10 and 11, at the Chester A. Sine Memorial Basketball Tournament, at Gallaudet. Conference play resumes January 15, at D.C. Teacher's,

## AROUND AND ABOUT

--Agnes Padden, Babs Stevens and Julia Mayes have recently become members of the Montgomery County chapter of Quota International. The chapter is interested in recruiting other new members. If you are interested, please contact Agnes, Babs or Julia.

--Congratulations to Genny O'Toole who has been selected Secretary of the Year by the D.C. chapter of the National Secretaries Association.

--Teaching English to the Deaf, a professional journal prepared by the English Department to provide practical information on techniques

of teaching English to the deaf, will be listed in the next edition of Ulrich's International Periodicals Directory.

## EXTRA, EXTRA, EXTRA

Do you have an excess of interdepartmental envelopes cluttering your office?

Don't toss them out, please. Both the Library and the Alumni and Public Relations Office desperately needs any you can not use.

Please send them our way!

## SOMETHING YOU CAN WELL AFFORD TO LOSE

A pint of blood that is! The D.C. chapter of the American Red Cross will send a bloodmobile to the campus on January 29, from 10 a.m. to 3:45 p.m., and will be set up in the Card Room of the Student Union Building.

Please give. Remember donating is painless and safe, and your donation is your insurance policy. Your pint of blood will protect you and your immediate family in the event any of you need blood.

For more information, contact Marian Dickson at 543(voice) or 733 (TTY).

Help Gallaudet meet its goal of 120 pints!

## POSITIONS AVAILABLE

INSTRUCTOR OR ASSISTANT PROFESSOR:  
Department of Chemistry  
STUDENT & FAMILY SERVICES COORDI-  
NATOR: Kendall School  
Gallaudet College is an equal  
opportunity employer!

#### TROPHIES SHINING BRIGHT

The main entrance hall of the Hughes Memorial Gymnasium now boasts a handsome display case for Gallaudet track and field records.

Tom Berg, team coach, and Herman Buckman and Mike Aquila, former team members, have been working diligently the past few weeks in preparing the records for the case. The display case was built by the father of Bob Morrison, a 1972 graduate.

#### THE OFFICE OF EDUCATIONAL TECHNOLOGY

The Office of Educational Technology was established to support the students, faculty, and administration as a resource to facilitate learning, instruction and research.

The Office is composed of five units.

.The Computer Center is responsible for the operation and programming of a DEC System 1050. These programs are utilized in instruction, research and administration. Kevin Casey is director of the Center.

.Under the direction of Nancy Rigg, the TV Studio supports the educational process by bringing television to Gallaudet students through its own productions as well as the videotaping and captioning of commercial television programs.

.The maintenance of equipment used the Office of Educational Technology as well as assistance with television production are the primary responsibilities of the Technical Support Center under the supervision of Richard Groff.

.Bill Stevens is responsible for the operation of the Instructional Materials Laboratory which provides composition, printing, art work, slides and transparencies.

.Donald Torr, director of the Office of Educational Technology, is also serving as acting director of the Instructional Materials and Research and Development Center. This unit supports the faculty in the development and evaluation of instructional materials and methods and its staff is devoting the majority of its efforts to the Experimental Preparatory Project.

ON THE GREEN is published for the faculty and staff of Gallaudet College each week by the Office of Alumni and Public Relations. Due to the Christmas and New Year's holidays, our next publication date will be January 8.
